I'm very excited you are going to create a Project Keeper with your FPP Home is Where the Heart is block. These letters and measurements are the replacement sizes correspond with my original Project Keeper pattern (which is sold separately) Please note, that I don't give the measurements for the strips that are above below and the sides of the outer covers. I just give the full cover measurement needed. This is to allow for any unique FPP sewing block sizes. You just need to add extra and trim to the correct cover size.
